SUMMARY

I am a dedicated web developer with a passion for creating interactive and modern websites. I specialize in using technologies such as React.js and WordPress to deliver engaging user experiences. My focus on design and animation allows me to craft digital solutions that not only function well but also captivate users. I'm continuously learning to enhance my skills and eager to collaborate on exciting projects

EXPERIENCE

Junior Web Developer

Date period

6 Month

- Built responsive websites using React.js and Tailwind CSS
- Worked with global clients on e-commerce, portfolios, and dashboards
- Handled UI/UX, integrations, and project delivery independently

EDUCATION

Bachelor of Science

02/2025 - 02/2028

Virtual University of Pakistan

Pakistan
